HELP KEEP CORONAVIRUS OUT OF OUR COMMUNITY

Wash your Claws

Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place.

If soap and water are not readily available, use a hand sanitizer containing at least 60% alcohol.

Avoid touching your eyes, nose, and mouth with unwashed hands.

We are open & providing the same excellent level of care for Health & Behavioral Health Services

Be ready for small changes like wearing a mask, screening questions and a temperature check when you receive in-person services. These small changes will help keep us all safe.

Now with expanded tele-distance delivery
