Selection

APIA has adopted a multi-faceted selection process for VPSO:

1. Application and Certification of Eligibility
2. Physical Fitness Testing (PFT).
3. Interview
5. Comprehensive Background Investigation
6. Second Interview
6. Medical Evaluation
7. Appointment

Each segment of selection is considered independent. An applicant is required to successfully complete each phase of selection.

Physical Fitness Testing (PFT)

1. Push-ups to failure. The applicant must complete a minimum of 25 perfect pushups;
2. Sit-ups. The applicant has 1 minute to complete 27 acceptable sit-ups;
3. 1.5 Mile Run. The applicant must complete this run in 15 minutes, 12 seconds;

Interview

The purpose of the job interview is to determine if you are qualified to be a VPSO. You may be called in for more than one interview during this process. While most interviews are conducted in-person, they may also occur over the telephone. It's important to make sure that APIA HR has your current contact information, e.g. cell phone, message phone, email address.

Comprehensive Background Investigation

APIA has a legal and moral obligation to ensure that anyone employed as a VPSO is qualified to serve in this capacity. The pre-employment background investigation satisfies this obligation in two ways: 1) assures compliance with all applicable minimum standards for employment as a VPSO, and 2) screens out an applicant, who, based on their past history or other relevant information, are found to be unsuitable for employment as a VPSO.

1. Birth certificate (if current name differs from that on the birth certificate, provide court documents showing a name change)
2. If Naturalized, an official copy of your Naturalization Certificate
3. Official high school transcripts or official documentation of testing result for a General Education Degree (GED)
4. Former military members must provide discharge or separation papers showing the date and type of discharge for all periods of service, for each branch of service, e.g. DD-214 Long Form for active duty and/or NGB-22 Form for National Guard/Reserve components
5. Official college transcripts for all post-secondary education;
6. Former military police or security officers must provide certificate(s) of course completion (must include MOS)
7. If you are, or have been certified in civilian law enforcement, fire service, or emergency medical service, copies of certificates, or current licenses;

8. Letters of recommendation, employment evaluations, or certifications you wish to include

Please note that background investigations for VPSO's are conducted by the Background Investigation Unit of the Alaska State Troopers (AST).

Medical Evaluation

APSC regulations also require that an applicant for the position of VPSO be examined by a licensed physician, nurse practitioner, or physician assistant in order to determine if the applicant has the ability to physically perform the duties of a VPSO. APIA will schedule and pay for this examination.
