

ELDER PET FOOD PROGRAM APPLICATION

In partnership with Meals on Wheels, APIA is providing supplemental pet food to Elders that have pet companions. This program aims to support Elders in keeping their pet companions by providing support through pet foods. A study by the University of Michigan found that 88% of pet owners believe their pets help them enjoy life, and 86% feel their pets make them feel loved. There are health and wellness benefits linked to animal ownership, Elders may find a sense of purpose with their pets and this program aims to ease financial hardship and access to pet foods

****Eligibility is based on Elders age 55 and older, who own a pet and live within the Aleutian and Pribilof Islands Region of Alaska. Pet Foods will be sent monthly to Elders until funding is exhausted.**
